Business Greater Than In Same Month of Any Previous Year.

## CAUSE OF THE INCREASE

DIFFICULT TO ACCOUNT FOR CONDITION OF AFFAIRS.

construction of Business and Industries, of Producing and Transporting Forces In Progress Throughout the Land-No One Can Tell What Result Will Be.

New York, Sept. 29.-R. G. Dun & Co 's Weekly Review of Trade will say tomorrow: September is the iwelfth of business both at New York and outside of New York has been greater than the of New York has been greater than e same month of any previous year, these twelve months, payments rough the clearing bouses have been 0,000,000,000 against \$61,200,000,000 in elve months ending with September, \$2, an increase of \$28,400,000,000, over per cent. When the tremendous examine began, men called it replenment of long depleted stocks, then a time it was called a crassy outsit of speculation, and when deaning still expanded, some permanent prease of business was recognized as result of increased population earns better wages.

892, while population, according t sury estimates, is 16 per cent great

essury estimates, is 16 per cent greatand wages are not over 10 per cent
ester. A reconstruction of business
d industries, of producing and transring forces, is in progress throught the land, with results which none
i now measure.

To consumption, instead of 750,600
as per month in 1892, is now over
5,000 tone per month, and yet is so
behind the demand for products
t the capacity of most works is sold
into next year. With sales of 25,000
Pittsburg, Bessemer pig rose to
10. Chicago coke and southern pig
in rose \$1, and new furnaces are
many months ahead before they
in work. Bars are hard to get at
price, the whole output of the Rete company being sold to January,
2.25 is quoted for common at Pitts, while at Chicago the great ded for oar building falls on works
prowded. Contracts for \$000 tone mand for car building falls on works overcrowded. Contracts for \$,000 tons plates have been placed at Pittsburg, and at all points the price is rising with astonishing demand. Sheets are also higher, with the demand intensi-fied by renewed efforts for consolida-tion.

Shipments of boots and shoes from loston in nine months have been 1,509,-76 cases, against 2,833,682 in 1892, and n four weeks 390,621 cases, against 280,-89 last year, 376,711 in 1897 and less in many other year. Here the increase is nor proportioned to boundation to wages, but works are all a month or nore behind their orders for the season. Spring orders are fair, but retricted still by unwillingness of makurs to contract largely at prices new brainable, which average about 5 cents divance where makers deem 7% cents secessary.

learyweight woolens are well cleaned op, and of spring worsted many lines are withdrawn. The clays being non-unity advanced to \$1.45, with some anoy worsteds 5 per cent higher. Stronger demand for cotton staples amuses an advance of \$4 cent in brown heetings and drills and \$4 cent in some deached goods. A broader selling arangement at Fall River seams likely to prevent the proposed consolidation. Cotton opened the crop year at \$.25 cents and has risen to \$.87, although bout a quarter more has come into

Corn is unchanged in price and still in large foreign demand, exports having been in four weeks 12,155,904 bushels, against 8,133,641 last year, with western receipts 24,453,874, against 15,-229,292 last year.

### GRAIN AND PROVISIONS. Chicago Wheat Market Affected By

Excitement at New Orleans. Chicago, Sept. 25.—Early trading in wheat was practically without feature. The market opened at practically un-changed values and for some time kept changed values and for some time kept within an extremely narrow range, with what little trading there was doing commed principally to scatpers. A bullish entiment was shown by traiters, and before II o'clock the market had become fairly active. No important advance accurred, however, until the New Orleans cotton market was put into a state of excitement and the windness of price there was shared in by wheat shore, the free reason free covering. The critical state of affairs at the trainvant had some infraence, though there was some disappointment over the important advance at liverpool. Light primary receipts also attracted a good and of attention, increasing the benefit that winter wheat supplies were low. An active demand was reported for front from both the United Kingdom and the continent. The market was strong and active until late in the season. Defeat Government Troops and Capture Troops In Venezuela.

HEAVY FIGHTING IS DONE

SEVENTY-TWO OUT OF 1.500 SOL-DIERS ESCAPE.

Insurgents Under General Castro Seize and Occupy Cities and Cap-ture Arms and Ammunition-Marching on to Valencia-General Sarria Taken Prisoner.

Washington, Sept. 29 .- The state department has received a dispatch from suit fatally occurred yesterday afterthe United States consul at Puerto Caello, Venezuels, under date of the 13th Pidcock, a mail carrier, and John Selcountry. The first encounter between the forces of rebel General Castro and those of the Venezuelan government occurred near the city of San Cristobal, near the Colombian boundary line. The government forces engaged consisted of between 400 and 500 men under the command of General Lepolo Sarria. The rebel forces were considerably larger, but the actual number is not known. The rebels defeated the government troops and captured their leader, General Sarria.

The second battle was in Cristobal. The 1,600 troops commanded by General Castro for eight or nine days, resulting in General Castro for eight or withdrawing his men. be having

nine days, resulting in General Castro withdrawing his men, he having learned that General Fernandez was on his way there with about 7,000 troops of the government.

The third hattle was before and in the town of El Cobre. Report has it that the rebels here defeated 1,500 government troops under the command of General Morales, and that the general succeeded in escaping with but seventy-two men and the ammunition train.

Resulted In a Draw.

The fourth encounter took place at Lumbados mountain, where General Weidmann, with 2,500 government troops, tried to stop the march of the rebels, reported to be 2,000 strong. The fight is reported to have resulted in a draw, both sides claiming a victory. At any rate General Castro continued his march.

At the town of Cardero, General Cas-At the town of Cardero, General Castro was attacked by nearly 5,000 government troops under General Fernandez. His force then consisted of about 2,000 men. A terrible battle was fought, reports placing the loss of the government at nearly 1,500 killed and wounded. The loss of the rebels is unknown. Again both claim a victory. After the battle the rebels marched to the town of Tover. In this place the After the battle trees inacted to the town of Toyer. In this place the rebels fought and dispersed, so it is said, 800 government troops under General Guiterez, and captured arms, ammunition and supplies.

Victory For Rebels.

At Arrales were massed, according to the report, nearly 3,800 government troops, commanded by Generals Tor-res, Autar, Guevara and Planes. Yet, if reports be true, the rebel chief de-feated them and captured many rifles and much ammunition. in Barquisimeto, General Suarez had about 1,000 government troops entrenched behind strong fortifications, but the rebel forces did not attack. At the time of writing the consulstates that the rebel forces at Bejuma report, saying that the rebel General Castro is resting his troops and animals before marching to Valencia.
